

STEM Fair Entry Form

2013-2014

Root 3rd, 4th, and 5th grade students

*****Entry form due Wednesday, December 18, 2013*****

Student Name: _____ Teacher-Grade: _____

- One person project Two-person project, my partner is _____
(partner must turn in an entry form too)

Here's what I plan to do. I may change my mind, but I will let you know the final project by January 15, 2013. (use the back of this sheet if you need more room)

- I need help to complete my STEM Fair project. I will sign up for in-school help sessions.
 Please help me get the supplies for my project. (I made a list of materials I hope to use on the back of this sheet.)

YES! I want to enter a project in the STEM Fair! I will do an experiment to answer my research question. I will make a display and tell people about what I learned. I know I can get help from Ms. Dozier and STEM help sessions. My project will be my own work--adults can give guidance but cannot do it for me. I promise I will complete my STEM Fair project and turn it in on Wednesday, **February 26, 2014**. I will present my project on Thursday, **February 27, 2014**.

Student Signature: _____

I agree to support my child with encouraging words. I know that Root is offering help sessions and coaching during school hours, and that my child will probably need to work on the project at home too. I agree that I will help my child find resources and materials, but I will not do the project for him/her. I know that there is help at school if my child has questions, and I know the STEM @ Root website has information also.

Parent/Guardian Signature: _____

Phone/E-mail (best way to reach parent/guardian): _____

More information about STEM Fair projects, including guidelines, frequently asked questions, examples of projects, due-dates, and dates for help sessions, can be found on the website:
